Mountain View Seniors' Housing (MVSH) Career Information Session

With the opening of the Sundre Seniors' Supportive Living Facility on June 1, 2016, MVSH hosted the first of two Career Information Sessions at the new site on March 31, 2016 from 1-3 p.m. The second event will take place next week on Thursday, April 7, 2016 from 1-3 p.m.

MVSH Human Resources and Site Management presented general information about the organization, hiring processes and employee programs. Applications were then received from over 75 interested individuals and the excitement of a new opportunity was palpable.

With a bigger facility, higher care levels and more than double the amount of suites that Foothills Lodge currently has, more employees will be required to staff the new facility. "MVSH is very excited to be part of providing employment opportunities to Sundre and area with this new facility. MVSH strives to be an employer of choice, serving our residents with quality staff and exceptional care." Kristi Gingrich, MVSH Director of Human Resources says.

The new facility houses 104 suites with a variety of care levels; including forty six (46) level one and two supportive living lodge suites, forty (40) level 4 and 4D supportive living 24 hour care suites as well as eighteen (18) independent living suites.
