

New Olds facility to house up to 100 seniors from Mountain View region

Mount View Lodge to increase local housing capacity, features energy efficient construction

DIDSBURY, ALBERTA – Mountain View Seniors' Housing.

The Board today is announcing that the general contractor/developer of the new Mount View Lodge in Olds has been replaced. Construction is ongoing and completion is expected in the spring of 2010.

According to Ernie Ryckman, Chairman of the Mountain View Seniors' Housing Board, "It is unfortunate that the current economic climate has hampered construction of the lodge. We feel confident that by replacing the general contractor, our chances of completing the lodge in a timely manner are improved."

Construction of the new Lodge will address the accommodation needs of seniors in region by providing over 35 more units than the existing building. The Mount View Lodge project has the double benefit of allowing more local seniors to remain close to home, while ensuring long-term sustainability for Mountain View Seniors' Housing.

Mountain View Seniors' Housing appreciate the patience of Olds residents during the initial phases of construction project.
